WHO WE ARE TODAY

Since 1976, the Valley Forge Park Alliance has been dedicated to its philanthropic mission of preserving, protecting, and advocating for Valley Forge National Historical Park. As a non-profit organization, the Alliance has supported the park through the tireless efforts of volunteer citizen stewards and community partnerships.

Nearly 250 years after The Encampment at Valley Forge, Valley Forge National Historical Park continues to serve as a cherished backyard park for many in Southeastern Pennsylvania. Welcoming over 2.2 million visitors annually, the park offers 30 miles of outdoor trails for birding, walking, running, hiking, biking, and horseback riding. Visitors enjoy 3,500 acres of remarkable native biodiversity, including a river, numerous streams, forests, wetlands, and a tall grass meadow that support countless species of wildlife.
